Fred R commented that ECIA Road Committee has floundered with low membership second half of 2013 and wants to keep up good relationships with county, Eldorado community road inspections and involvement with Eldorado residents. He felt we need to bring vitality back to the road committee.

Dag Ryen (ECIA Board President) spoke about how the County capital funding deadline is next week and he was in communication with Senator Wirth and State Representative Vicky Perria about Eldorado funding. He emphasized how the Road Committee needs to keep communication flowing between SF County and ECIA to continue to improve and maintain Eldorado's roads.

Nolan Z commented that calls about "Can't get out of driveway" and "Road signs down" have their own header and other requests are put in a general category. Generally if residents are concerned about safety they should call SF County directly.

ECIA will be responsible for maintenance of Eldorado Hike/Bike Trails and Santa Fe County will be responsible with replacement.
